INFO	
Series	The Chosen
Sermon and Date	Nicodemus' Story - February 20 & 21, 2021
Main Idea/Summary	Sometimes we need to learn things over from the beginning.
Scripture	John 3:1-17

QUESTIONS	
About God	What stood out to you about how Jesus treated Nicodemus? How does God show you that same kind of treatment?
About Me	What misconceptions about God have you had in the past? How did you discover they were wrong? Who can you humbly ask now to show you your current blind spots?
Community	What roadblocks do you see in your community that prevent people from following Jesus? What steps can you take to help people in your community fall in love with Jesus?
Mission	What needs to change so you have a greater hunger to know about God's character and ways? What will you do to feed that hunger in others?
Action	Children ask lots of questions, but adults often stop seeking and asking. This week, get curious about something God-related. Study as if it's brand new to you. Perhaps use a different Bible translation than normal. Record your thoughts, and ask God to help you follow him anywhere with greater faith.

Father God, we praise you for the beauty of your mysteries, which inspire our awe. Thank you for inviting us to learn more about you through your Word. We confess we have sometimes stopped asking and seeking, because we get too comfortable in our own ways. Give us hungry, open, childlike faith to help us trust you more every day. In Jesus' Name, Amen.
